A FRAGILE GENESIS

Conflagration Nation: Reborn of Fire
76 x 100"

Acrylic and Oil on Canvas
2021

\$15,000.00

The first work finished in 2021 depicting a fiery sky, and an explosive peacock in a forest framed by magnolia trees. The personal and societal trials and tribulations of 2020 cannot be overstated, but as the winter breaks and gives way to the spring there is a sense of rebirth and rejuvenation. After such a disruption in our lives that we enter a new era forging new paths, innovating while adapting, and doing so with a stronger spirit. We are all ready to ignite!
